EDUCATION

University of Washington — **Seattle, WA**
Master of Science in Information Systems — Expected June 2028
Bachelor of Science in Informatics, Data Science and Cybersecurity — Expected June 2027
GPA: 3.87/4.00 | Relevant Coursework: Core Methods in Data Science, Information Visualization, Cybersecurity, Research Methods

EXPERIENCE

Each Green Corner — **San Mateo, CA**
Data Analytics and Visualization Intern — February 2026 - Present
- Built an automated ETL pipeline from NEON CRM to Google Sheets (REST API, Apps Script) processing **1,000+** events nightly
- Cleaned **5** years of messy records via root cause analysis, improving data accuracy **60%** and cutting manual work **70%**+
- Designed KPI dashboards tracking **11,000+** volunteer hours by program, site, and year, turning findings into leadership reports

West Monroe — **Seattle, WA**
ServiceNow Consultant Intern — March 2026 - June 2026
- Led a ServiceNow value assessment for an enterprise client, benchmarking **12+** platform capabilities against business needs
- Ran **3** stakeholder interviews and a root cause analysis to pinpoint gaps in platform adoption
- Delivered an **8**-recommendation roadmap to client and firm leadership, including **2** AI-powered quick wins

South Shore Analytics (via Information Consulting Group) — **Seattle, WA**
Data Analytics Intern — November 2025 - January 2026
- Designed the analytics framework for a SQL learning platform, defining KPIs for learner progression and completion rates
- Evaluated business use cases with qualitative and quantitative data, presenting recommendations in decision sessions

STEM Student Experiences Aboard Ships (STEMSEAS) — **Alaska and Hawaii**
Cyberinfrastructure Research Intern — March 2025 - April 2025
- Turned live maritime sensor streams into insights using Python and statistical modeling aboard a research vessel
- Improved ocean current and turbidity measurement accuracy **25%** and led a **5**-person team presenting findings to researchers

PROJECTS

Plate to Pulse: Diet and Recovery Analytics — September 2026 - Present
- Building a health analytics tool that links daily meal photos to Coros watch data on heart rate, sleep, and stress
- Using AI to estimate meal content from photos and SQL to model how diet relates to next-day recovery metrics

Food Access and University Proximity Dashboard — March 2026
- Joined USDA Food Access Atlas and NCES IPEDS data in R, aggregating tract-level indicators to the county level
- Published an interactive Quarto dashboard with a map answering **3** research questions on income and food access

MFA User Research and Data Analytics Project — September 2025 - December 2025
- Ran a mixed-methods study on MFA adoption with **20** users, visualizing findings in Excel PivotTables and Tableau
- Found a **45%** trust gap by technical literacy and presented behavioral insights to non-technical stakeholders

LEADERSHIP

Kappa Theta Pi — **Seattle, WA**
VP of Professional Development — February 2026 - Present
- Lead professional development for **50+** members through workshops, speaker series, resume reviews, and interview prep
- Run **10+** events per quarter with **3+** partner student organizations, managing outreach to **15+** speakers and sponsors
- Oversee **2** committees (**8+** members) and a chapter knowledge base of resources and **30+** industry contacts

AWS Builder Club — **Seattle, WA**
Campus Leader — September 2026 - Present
- Represent AWS at UW as a student brand ambassador, growing student engagement with AWS cloud tools

Husky Coding Project — **Seattle, WA**
Team Lead — September 2025 - May 2026
- Led a **5**-developer team building the app Momentum, owning sprint planning, delegation, and stakeholder presentations

Filipino American Student Association — **Seattle, WA**
Marketing Director — March 2026 - June 2026
- Directed marketing, visual assets, and social media content strategy for Filnight, FASA's theatrical production
- Reached **10,000+** people through social media outreach and promotional content, driving awareness for the show
